

## Description

Heavy Duty Multi-purpose Tool - Interchangeable nose

This heavy duty production tool is specifically designed for the efficient installation of a wide range of structural blind rivets, lockbolts and Max grip fasteners up to and including 3/8" diameter. Weighing 5kg it can be operated in any position with one hand. With a long 24.4mm stroke it's capable of setting most fasteners in one pull.

\*\* Noses sold separately
