PURPOSE

Profast operates two warehouses in Perth and Brisbane with the purpose of serving all of Australia and we pride ourselves on having comprehensive stock volumes to meet any demand.

We also sell and service the required installation tooling for our range of fasteners.

SERVICES

Products: We supply structural rivets, threaded inserts, and lockbolts along with the standard nuts, bolts, and washers as required, all available in a variety of materials.

Troubleshooting: We are standing by to offer advice and guidance.

Tools for hire: If you need fastener equipment for a short time, we offer tools-for-hire.

Fastening tools: We offer a range of installation tools suitable for rivets, nut inserts, lockbolts and large diameter lockbolts.
